

Non-rusting and highly flexible stainless steel protection conduit; robust; hooked metal profile

Applications

- cable protection: cable protection conduit, cable protection tube, cable protection hose, electric installation, switch cabinets, switch cabinet installation, cable harnessing/ cable assembly

Properties

- IP 40 to EN/ IEC 60529
- highly flexible

- extremely heat resistant
- increased resistance to tear, pressure and impact
- conforms to RoHS guideline

Temperature Range

- up to 600 °C

Design

- Metal hose
- profiled metal strip, stainless steel (INOX)
- hooked profile

Delivery variants

- further diameters and lengths available on request

Nominal width connecting part (mm)	I.D. (mm)	outer Ø (mm)	Bending Radius (middle of hose) (mm)	Weight (kg/m)	PU (m)	Order No.

Overpressure and underpressure are recommended threshold operating values, products can be subjected to higher loads upon request. The bending radius is measured through the inside of the hose arch. The right to make technical modifications is reserved. All values determined at 20 °C and are approx. data. Additional information at www.norres.com/en/technology/.
