

CONNECT SAFETY CLAMP ASSEMBLY 231

Universal safety clamp coupling system
incl. assembly if appropriate

Applications

- food industry, pharmaceutical industry: food, pharmaceutical
- vacuum conveying equipment, vacuum hopper, suction conveyor, dosing system
- pelleting machines/ tablet presses

Properties

- special threaded sealing insert matches the outer hose contour
- easily and quickly fitted
- re-usable

- vibration resistant
- Food grade sealing insert, complies with: FDA 21 CFR 177.2600 and 178.2010, EU-Directive 10/2011, EC 1935/2004 and EU 2015/174
- microbe and hydrolysis resistant
- good resistance to oil, gasoline, and chemicals
- conforms to RoHS guideline
- REACH according to --> Technology / Technical Information / REACH

Temperature range

- -40°F to 195°F

- short time to 255°F

Design

- AIRDUC® profile hose
- patented coupling system
- clamp shells: aluminium
- sealing insert: special premium ether-polyurethane (Pre-PUR®)
- screw and nut: galvanised steel gunmetal finish
- Adapter

Delivery variants

- further diameters available on request

Size (in)	Suitable for hose I.D. (in)	Order No.

Positive and negative pressure ratings are the recommended maximum operating values. Products can be manufactured to meet higher operating values upon request. The bend radius is calculated from the center of the hose in an arched position. Additional information at www.norres.com/us/technology/. NORRES reserves the right to modify technical data at any time. Technical data based on tests at 68°F and are approx. values. Proper use and maintenance of NORRES hoses is the sole responsibility of purchaser and ultimate user of the product. The individual conditions, applications and the number of variables make firm recommendations technically impossible. This information is intended as a general guide only.
