

Order No.

Soft sleeve to slide onto connectors or push into pipes

Applications

- industrial vacuum cleaners, vacuum cleaners
- municipal vehicle: sweeper, sweeping machine
- municipal vehicle: lawn mower, slope mower, leaf blower/ leaf collector

Rec.

• scrubber, floor cleaning machine

Properties

Rec.

- · easily and quickly fitted
- re-usable (threaded version)

• gas- and liquid-tight as pre-fitted version

- highly abrasion resistant
- · microbe and hydrolysis resistant
- good resistance to oil, gasoline, and chemicals
- version 241 permanently antistatic wall: electrical and surface resistance approx. $10^9 \,\Omega$ • wall: special premium ester-polyurethane (Pre-

Total

• conforms to RoHS guideline

Threading

• REACH according to --> Technology / Technical Information / REACH

Temperature range

- -40°F to 195°F
- short time to 255°F

Design

PUR®)

Delivery variants

- further diameters available on request
- black (standard)

Weight

• special colors: full colored

Suitable for

• gas- and liquid-tight as pre-fitted version

Positive and negative pressure ratings are the recommended maximum operating values. Products can be manufactured to meet higher operating values upon request. The bend radius is calculated from the center of the hose in an arched position. Additional information at www.norres.com/us/technology/. NORRES reserves the right to modify technical data at any time. Technical data based on tests at 68°F and are approx. values. Proper use and maintenance of NORRES hoses is the sole responsibility of purchaser and ultimate user of the product. The individual conditions, applications and the number of variables make firm recommendations technically impossible. This information is intended as a general guide only.
