

Air pressure/ water hose

Applications

- for medium-duty applications in industry, workshops and on construction sites
- Suitable for the transport of water, air and compressed air containing oil

Properties

- particularly robust, thick-walled and flexible
- resistant to oil mist

- construction cover resistant to ageing, ozone, UV and weathering
- maximum operating pressure: air 10 bar, water 16 bar
- burst pressure 54 bar
- according to the norms EN ISO 1307:2008 and DIN 20018

Temperature Range

- -30 °C to 50 °C

Design

- inner tube made of thermoplastic elastomer
- outer layer made of thermoplastic elastomer
- smooth interior and exterior
- polyester plies

Delivery variants

- black inner tube, black exterior wall
